

our story

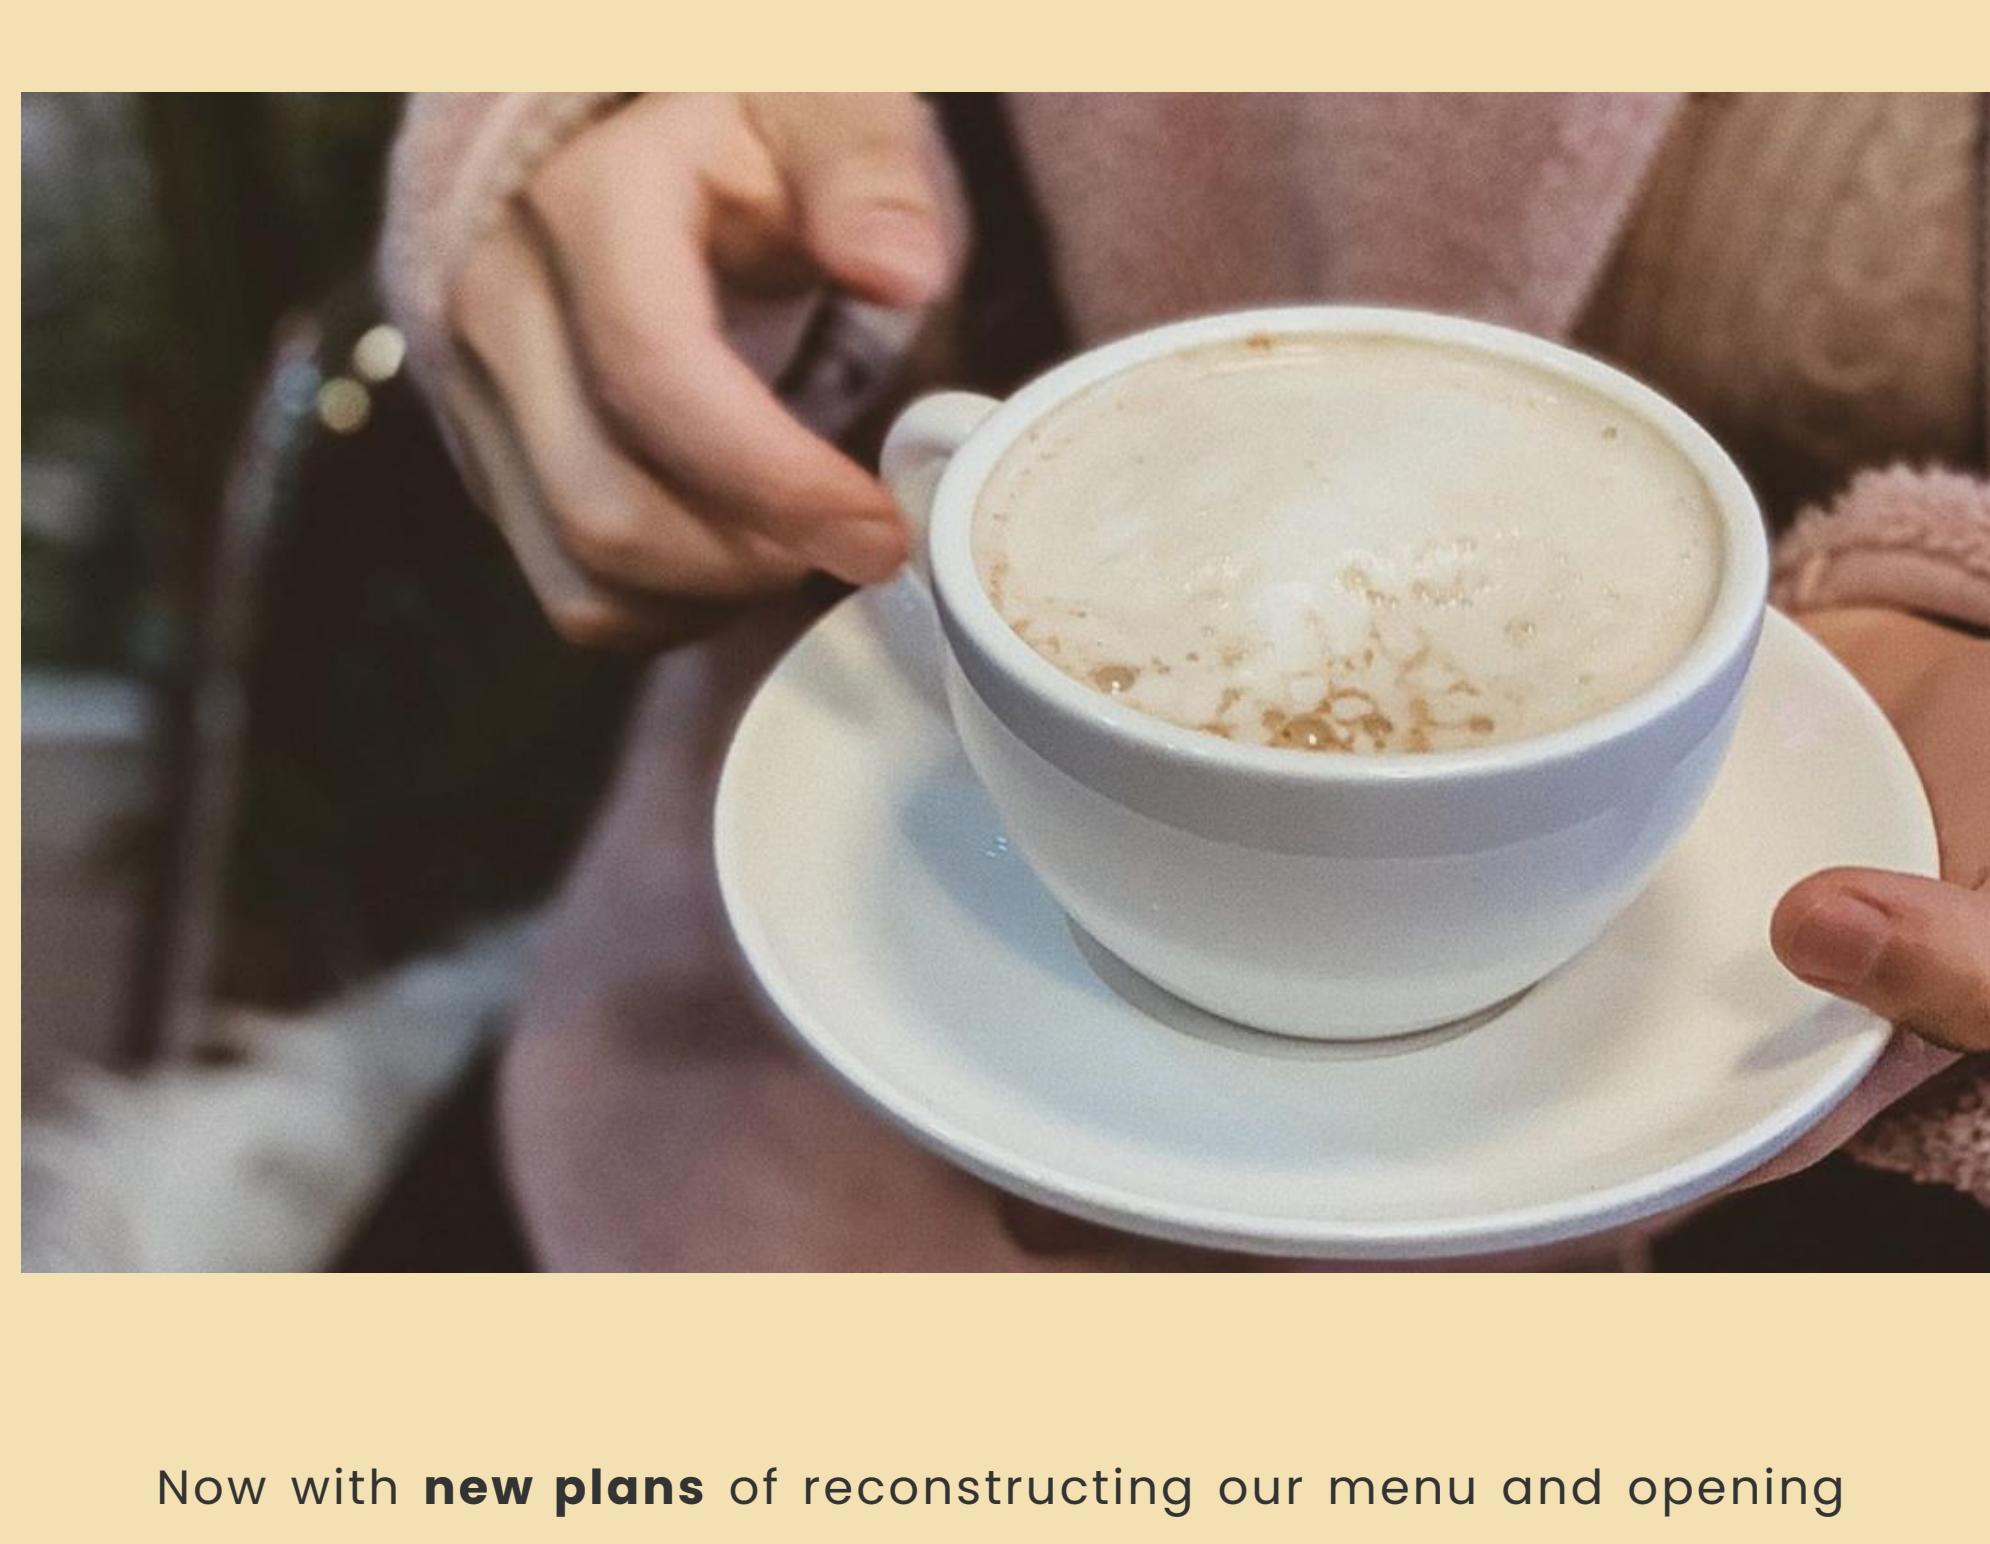

"There is nothing more liberating than enjoying a cup in one hand and holding a book in the other."

June 15, 2018 – Bella Marie Cafe opened with an endeavor to recreate its name to beautiful and liberating products and services. Named after its owner, “Bella” means beautiful and “Marie”, liberty. As the name of the cafe implies, Bella Marie gives the ultimate liberating experience for a perfect hangout of all customers for all ages. The cafe welcomes you with its refreshing and relaxing atmosphere with a tropical Indonesian-inspired design.

The cafe offers **Filipino-American cuisine**, all freshly prepared ingredients from in and out of the country, with best-selling products such as Oreo Cheesecake. The menu prepared by our chef is a collection of our favorite comfort food with a modern twist. We designed it to be your new go-to spot, from breakfast to dinner, and coffees to smoothies.

Now with **new plans** of reconstructing our menu and opening up a new branch in Metro Manila, growing is what we're doing a lot of lately. And in this neighborhood where we hang our sign, we find ways—small and big—to give something back. We're about community, too. Because coffee brings people together, and so should we.

But our coffee? Also brings people back. It'll be nice to see you again soon.
